Materials:

Two 18" lengths of Amy (Kelly & Forest)

Scissors

Lighter (or glue for finishing)

Directions:

1. Find the center of both strands of Amy cord. Set up the tree making a Square Knot (Fig. 1-4).
2. Move the working strands to the center (Fig. 5) and form another Square Knot. Form this knot about 3/4" below the first knot (Fig 6).
3. Push the second knot up into the first, holding the center strands tight (Fig 7).
4. Repeat the Square Knot Picots, making the Square Knots lower and lower on the center strand, as you progress.
5. After 4-6 "branches" have been formed, finish with Alternate Half Knots (Fig. 8). Trim away excess cord. Glue or melt frayed ends with a lighter.
